SUMMARY

Passionate Software Developer with a hunger for innovation and continuous learning. Creating elegant solutions to real-world problems through code, driven by curiosity and a dedication to excellence. Ready to take on new challenges and make an impact in the world of technology.

EDUCATION

B.E., Computer Engineering   Graduating May 2025
University of Mumbai, India   9.60 CGPA
MCT's Rajiv Gandhi Institute of Technology
Relevant coursework: Software Engineering , Artificial Intelligence , Blockchain

TECHNICAL SKILLS

Data Analysis and Statistics: Looker, Excel, Power BI
Developer Tools: Vs Code, Intellij, Pycharm, Andriod Studio
Programming: C, Java, Python, Javascript, DSA
Front-end Development: HTML, CSS, Bootstrap, Javascript, React.js
Back-end Development: DBMS, SQL, NoSQL,

COURSE WORK

Data Structures and Algorithms, RGIT: Programming

- Applied poblem solving to tackle challenging technical problems in real-world scenarios.
- Applied My Skiils in optimizing software performance, enhancing user experiences, or devising innovative solutions.

Operating System, RGIT: Techinical

- I engaged in practical assignments and projects that allowed me to implement various operating system features, gaining hands-on experience in writing system calls, designing scheduling algorithms, and managing memory effectively.
- Applied my Skill set of OS to address real-world challenges in system design, resource management, and performance optimization.

ACADEMIC PROJECTS

Seeds of Hope   March 2023-September 2023
Collaborated in a team of four in a national level hacakthon to design model of UN objectives of Zero Hunger (WEB).

- Tools & technologies used: HTML, CSS, Javascript.
- An online portal that connects different yet Verified NGO to coordinate with Volunteers and Donors to achieve Zero Hunger.
- Led the team through various processes int hte development from designing to implementation.

Instagram Clone   January 2023
Created a static page theat resembles with Instagram.

- Assessed various styling conventions for professional Websites
- Created a replica of Instagram Home page for a particular User with User Intefaces.

ACTIVITIES

Computer Engineering Students Society(CESS)   Aug 2022 – Present
Multiple leadership roles, including Content & Editorial Secretary and Publicity Head

- Led a team of 10-15 for publicising various Sponsorship Deal for the College Events.
- From creating content for the CESS website to drafting MOU's for sponsorship deals, my diverse skill set allows me to excel in both creative and strategic aspects of the organization.
